## TYPEFACE

Inter Black (letters) · Inter Bold, wide letter-spacing (tagline). All text in the logo files is already converted to outlines — no font needed.

## CLEAR SPACE & MINIMUM SIZE

- Keep free space around the logo equal to half the width of one bar.
- Minimum width: 25 mm print / 120 px screen with tagline; use the no-tagline version below that.
- Below 16 mm / 64 px use the icon only.

## WHICH FILE FOR WHAT

| Use | Folder | File |
|---|---|---|
| Invoices, letters, quotes (white paper) | 7_Invoices_Documents | invoice_header_horizontal (PNG) |
| Websites / email / social avatar | 5_Icons... and 8_Favicon_Web | icon_circle / icon_round, PNG |
| Dark photos / navy backgrounds | 2_Logo_On_Dark_Backgrounds | on-dark PNG or SVG |
| Vehicle (vinyl cut / printed) | 6_Stickers_Vehicles | vehicle_horizontal_* (SVG or PDF) |
| Stickers (die-cut) | 6_Stickers_Vehicles | sticker_*_with_cutline (PDF/SVG) |
| 1-colour print, stamps, black & white copies | 3_Logo_Black / 4_Logo_White | mono (letters are true cut-outs) |
| Large prints, banners, signs | any folder → PDF or SVG | vector: scales to any size |

## RULES

- Never stretch, rotate, recolour, add shadows or outlines, or change the letters.
- Do not place the colour version on dark or busy backgrounds — use the On-Dark or white 1-colour version.
- PNG = for screens and documents. SVG / PDF = vector, for printers, vinyl and large sizes.
- Files named *transparent* have no background; *bg-white / bg-navy / bg-black* include it.
